Discover our wide range of event solutions, meticulously crafted to empower organisers and delight attendees alike.

OUR MISSION

Welcome to Safe Responsec Group, where safety and security are not just commitments but cornerstones of our philosophy. With a legacy of excellence and a reputation built on trust, we are leading security services provider with a nationwide presence and internationally.

Collaborating closely with event organisers, we dedicate ourselves to crafting bespoke security and crowd management plans. These plans are meticulously tailored to align with the unique requirements of each event, venue specifications, audience demographics, and the surrounding local community.

Our seasoned and dedicated events team, with a wealth of professional experience, places emphasis on three key elements. These elements serve as the foundation for our approach to guaranteeing the success of every event we undertake:

Safety

Our main priority is the safety of everyone at the event- artists, spectators, guests, staff, and support teams. Our Safety stewards are there to create a safe environment so that spectators can kick back, relax, and have a great time.

Security

The security for each event begins with a comprehensive audience profile, risk assessment and crowd management plan. Our SIA-licensed officers diligently monitor and engage with guests while actively looking for unusual activities.

Services

At the core of our delivery lies exceptional customer service. We recognise that a positive service experience can transform an event leaving a lasting impression of joy and fond memories.

EVENT FIRST AIDERS

Ready to Respond, Ready to Care.

In the dynamic landscape of events, safety remains paramount. That's why Safe Responsec Group introduced a specialised Event First Aiders Service. We understand that a well-prepared first aid team can be the difference between a minor incident and a potential emergency.

At Safe Responsec Group, we believe in a holistic approach to event safety. Our Event First Aiders are an integral part of this commitment, providing not just medical care, but also peace of mind. When you choose us, you're not just getting a service; you're gaining a trusted partner in event safety.

SECURITY

CLOSE PROTECTION

Ready to Respond, Ready to Care.

Close Protection is a highly specialized sector within the security industry, demanding the expertise and experience of a well-trained and professional team. Each assignment in this field presents its own unique set of circumstances, making it essential to tailor the approach to meet specific needs and challenges. Typically, Close Protection services are required for high-profile individuals or groups, such as celebrities, executives, diplomats, or other VIPs, who often face a range of security threats and risks that are unique to their status and lifestyle.

PERSONAL SECURITY DETAIL (PSD)

Bodyguards: Direct physical protection for clients in public and private settings.

Executive & Celebrity Protection: Specialized security for corporate executives and high-profile individuals.

RESIDENTIAL SECURITY TEAMS (RST)

24/7 On-site Protection: Continuous security presence at residences.

Surveillance & Access Control: Monitoring systems and management of entry points.

TRAVEL SECURITY

Secure Transportation: Provision of armored vehicles and experienced drivers trained in defensive driving techniques to ensure safe transit.

Route Planning: Detailed planning and reconnaissance to avoid threats.

Airport and Venue Security: Coordination with local authorities and security teams to provide seamless protection during arrivals, departures, and at event venues.

EVENT SECURITY

Advance Planning: Risk analysis and threat assessments.

Crowd Management & VIP Escort: Safety during public events and secure escort services.

CRISIS MANAGEMENT

Emergency Evacuation: Detailed plans for emergency situations.

Rapid Response: On-call security professionals for immediate action.

Liaison with Local Authorities: Coordination with law enforcement and emergency services to provide an integrated response in critical situations.

INTELLIGENCE & THREAT ANALYSIS

Risk Assessment: Continuous evaluation of potential threats.

Threat Monitoring: Real-time intelligence gathering and advisory services.

BESPOKE SECURITY

FILM AND TV

Operating in the film and television industries demands the support of a film and TV security team experienced in dealing with your unique challenges. At Safe Responsec Group we understand that every assignment is different. Our Film and TV Security Division operates in both discrete and high-profile roles within the entertainment industry.

Working with TV and film production companies, red carpet events, celebrity agencies, VIPs, and individual celebrities we currently provide the following services:

KEY SERVICES:

Risk and Threat Level Assessments: We conduct thorough evaluations to identify potential risks and threats, ensuring the safety of all personnel and the integrity of the production..

Logistics Strategies and Management: Our team manages secure transportation, access control, and on-location logistics to ensure seamless and efficient operations.

Ultimate Close Protection: Our highly trained officers deliver discreet, vigilant security for VIPs and celebrities, especially during high-profile events, maintaining both safety and privacy.

Event Management: We oversee all security aspects of events, including crowd control, access management, and emergency response planning, ensuring smooth and secure operations.

Executive Transport and Security: Secure, comfortable transport solutions with trained drivers for VIPs, executives, and talent, ensuring safe and reliable travel.

Comprehensive Film and TV Security: Extensive security services for film sets and TV productions, including on-set security, intellectual property protection, and continuous surveillance.

ADDITIONAL FEATURES:

- Surveillance and Monitoring: Advanced systems with 24/7 monitoring and real-time threat detection.
- Cybersecurity: Protection of digital assets and sensitive information.
- Confidentiality and Discretion: Strict protocols to ensure client privacy.
- Emergency Response and Crisis Management: Rapid response and detailed crisis management plans.
- Customized Security Plans: Tailored strategies to meet specific project or event needs.
- Security Personnel Training: Extensive training in counter-surveillance, conflict resolution, and defensive tactics.
- Coordination with Local Authorities: Collaboration with law enforcement and emergency services.
- Insurance and Liability Coverage: Comprehensive coverage for security breaches or incidents.
- On-Demand Security Adjustments: Flexible security measures adaptable to evolving situations.
- Post-Event Security Analysis: Evaluation of security protocols and incident reports to refine future strategies.

TRAINING

Safe Responsec Group operates across a diverse range of sites, with a large team of highly qualified staff. We are proud to **partner** with the Training Centre to offer accredited **BIIAB** and **QNUK qualifications**, supported by a dedicated pool of experienced trainers and assessors.

Our in-house training centre enables us to meet the specific training needs of our clients efficiently and effectively. We regularly conduct training sessions to ensure our staff remain up to date with the latest standards and best practices. Additionally, we perform ongoing audits and assessments to verify that our teams are fully competent in their roles.

By providing training through our in-house centre, we not only enhance the quality and relevance of our services but also deliver **cost-effective solutions** tailored to our clients' needs.

ALL SAFE RESPONSEC EVENT STAFF MEMBERS UNDERGO THE FOLLOWING IN-HOUSE TRAINING SUITABLE FOR THEIR ROLES:

SOCIAL

At Safe Responsec Group, our commitment goes beyond providing top-notch security solutions – we are dedicated to creating meaningful social impact. As a responsible corporate citizen, we recognize our role in contributing positively to the communities we serve. By choosing Safe Responsec Group, you're not just investing in premium security solutions; you're contributing to a company that prioritizes social value.

Employment Opportunities: SRG is committed to providing employment opportunities within the communities we operate. By hiring locally, we contribute to economic growth and empowerment, ensuring that our workforce is a reflection of the diversity within the regions we serve.

Community Engagement: We actively engage with the communities where we operate, fostering relationships that extend beyond the scope of our security services. Through outreach programs, partnerships with local organizations, and active participation in community events, we strive to be a positive force for change.

Training and Development: Investing in the education and training of our staff and the broader community is a cornerstone of our social value initiatives. We offer comprehensive training and development programs, equipping our team with the tools they need for personal and professional growth.

VALUE

Charitable Partnerships:

We believe in giving back to society. SRG actively participates in charitable partnerships, supporting causes that align with our values. From local charities to national initiatives like poppy appeal and help for heroes, our aim is to make a positive difference in the lives of those in need.

Community Safety Initiatives:

SRG is dedicated to enhancing community safety through targeted initiatives. Whether it's supporting neighborhood watch programs, organizing safety workshops, or collaborating with local law enforcement, we actively contribute to creating safer communities.

Health and Well-being:

The well-being of our employees and the communities we serve is paramount. SRG invests in health and wellness programs, promoting physical and mental well-being for a healthier and happier community.

ENVIRONMENTAL SUSTAINABILITY

Sustainable Materials:

Safe Responsec ensures that 60% of materials and products used in the contracts are sourced from sustainable and ethical suppliers.

Carbon Footprint Reduction:

Safe Responsec continuously explores ways to reduce our carbon footprint, such as optimizing patrol routes, encouraging the use of public transportation for staff commuting, and adopting green technologies where applicable. Safe Responsec commits to a 20% reduction in our carbon footprint, working towards achieving a net-zero carbon impact by 2050.

Investing in Eco-Friendly Technologies:

Safe Responsec actively engages in local environmental initiatives, contributing to the creation of greener and cleaner public spaces. We are committed to adopting environmentally friendly practices. This includes using eco-friendly equipment, minimizing paper usage through digital processes, and promoting energy-efficient solutions.

Electric Vehicles:

As part of our promise towards the carbon reduction plan, Safe Responsec has now included a fleet of electric mobile patrol vehicles for its operational requirements, which will ultimately replace the fuel usage.
